GAINESVILLE, FLORIDA, SUNDAY, AUGUST 23, 1908

TEN CENTS A WEEK

MILITARY RULE ENDS

Springfield, Ill., Turned Over to Civil Authorities.

THE CAVALRY BREAKS CAMP

is Apparently Now Quiet and There is But Little to Indicate that a Week Ago a Mob Had Entire Control of City.

Springfield, Ill., Aug. 22.—Military rule ceased at Springfield Friday as the militia force here was reduced to one regiment and the task of preserving order was turned over to the civil authorities.

The first cavalry broke camp at daylight and the Seventh infantry packs were withdrawn from the thoroughfares.

Sheriff Werner had an increased force of deputies on duty and the city police were also reinforced by a few special policemen.

Except for the closed saloons and the ruined homes and business places in some of the streets, there was nothing to indicate that a week ago the city had been in the hands of an uncontrollable mob.

But Few Incidents.

The early morning hours were practically without incident. One case of shooting was reported from the northeast section of the city, a sentry firing that some one had discharged a double-barreled shotgun in his section.

The "Shafter" cavalry was sent from the jail headquarters but no trace of the marauders was found.

The promiscuous shooting has practically ceased since the troops began to depart, the absence of the numerous patrols and sentries having, seemingly, eliminated the incentive to use excitement by the firing of guns and revolvers. Except for the incident mentioned there was no authenticated instance of "sniping."

It is believed that this form of disorder will disappear because the policemen and deputy sheriffs will not attract the attention on the streets at the rifle holding and broad hat and guards have. Standing under the electric lights at street intersections, the sentries have been fine targets for the fact that none of them has been hit is taken as proof that the trouble-makers have fired their weapons chiefly for the purpose of hearing the calls for the guards and of seeing the arrival of the flying squadrons which have been sent to investigate such cases.

Grand Jury's Investigations.

The grand jury resumed its investigations. It is understood that further charges against Abraham Rainer were being considered. Rainer now stands formally accused of murder, malicious mischief and riot. The indictments, except the charging murder, are all based upon his alleged acts while the mob was destroying Loper's restaurant on Friday of the riot. The murder charge alleges that he took part in the lynching of William Donigan on the succeeding night of Friday last. The authorities claim to have evidence that he was also a ringleader in the riot upon the "Black Belt" which followed the Loper riot and resulted in the burning of about thirty-five business houses and the lynching of School Burton.

Case of Kate Howard.

Kate Howard, who was indicted for malicious mischief and riot in four cases, was arrested on a bench warrant. Her bail has been fixed at \$1000. The charges against her relate to the looting of the Loper restaurant.

Participant in Duel Dies.

Robinsonville, Miss., Aug. 22.—H. A. Suber, one of the participants in the duel at Robinsonville, died in a Memphis hospital. J. H. Gilmore, the other principal in the duel, is in a Memphis hospital and is said to have fighting chance for his life. Sheriff Brown of Tazewell county, is looking for a mysterious third party who may have fired some of the shots in the duel.

STANDARD OIL CASE.

Government's Petition for Rehearing by United States Court.

Chicago, Aug. 22.—The government's petition for a re-hearing by the United States court of appeals of the case against the Standard Oil Company of Indiana, was filed Friday, and represents, it is authoritatively stated, the administration's attempt to save the Elkins' act and the interstate commerce law from becoming futile.

The filing of the petition marked the appearance of Attorney General Bonaparte in the case, as well as that of Frank B. Kellogg, who is a special assistant to the attorney general. Besides these two names the petition is signed by Edwin W. Sims, United States district attorney at Chicago, and special assistant James H. Wilkerson, both of whom presented the government's side of the case in the hearing before Judge Landis who administered the famous fine of \$29,240,000 against the defendant.

Although it is not specifically stated in the petition, it was agreed by counsel for the government in their conference at Lenox, Mass., following the reversal by the appellate court of Judge Landis' decision, that if the interpretation of the law given by Judges Grosscup, Seaman and Baker were allowed to stand, successful prosecution of rebate cases against corporations would be impossible in the future. The lawyers at that conference, over which the attorney general of the United States presided, were a unit in expressing the opinion that the reforms in rebate matters brought about by the Roosevelt administration would represent so much waste of time unless the upper court can be convinced that it is in error, in its construction of the law.

MADMAN ATTACKED MAYOR.

Arrival of Detective Probably Saved Official's Life.

New York, Aug. 22.—Attacked in his office by an insane man armed with a knife, Mayor Stoll, of Hoboken, had a narrow escape from death and was saved only by the arrival of a detective.

William Carmody, who was released from an insane asylum a few days ago, entered the office when the mayor was alone and demanded pay for his time spent in the asylum. The mayor endeavored to temporize with him, but Carmody drew out a knife and started for him.

The mayor jumped behind his desk with the madman in pursuit just as a detective entered the room. After a desperate struggle the mayor and detective disarmed and arrested Carmody.

HAD VARIED CAREER.

Death of George M. Brown, Prominent Mississippian.

Natchez, Miss., Aug. 22.—George M. Brown, who, as a child seven years old, was blown into Natchez from a nearby farm by a tornado in 1849 and who subsequently became a wealthy planter with large interests in Louisiana and Mississippi, died at his home in this city Thursday, aged seventy-five years.

Mr. Brown had a distinguished war record, was a confederate soldier and later served as a member of the board of trustees of Jefferson Military college at Washington, Miss.

His Neck Was Broken.

Columbia, S. C., Aug. 22.—J. E. Harris, a young man whose home is in Charlotte, N. C., but who of late has been employed in Pickens, met death there by being thrown from a trolley. The young man's head hit a telegraph pole and his neck was broken.

Woman Commits Suicide.

Griffin, Ga., Aug. 22.—Mrs. W. T. Copeland, living near the Griffin cotton mill, died Thursday from poison administered by her own hand last Monday with suicidal intent. No cause for the deed could be ascertained.

Six Children Cremated.

Colfax, Wash., Aug. 22.—Six children are dead and two others are burned so seriously that recovery is doubtful at the H. W. Schmitt ranch, between Colfax and Palouse, resulting from a fire that destroyed the home.

PRAISES OUR FLEET

English Press on the Visit to Australian Waters.

WILL HAVE ITS GOOD RESULTS

Editorially, the Papers Express the Fullest Satisfaction at the Warmth and Brilliance of the Welcome Accorded.

London, Aug. 22.—The London morning newspapers give great prominence to reports of the American fleet's reception in Australia. Editorially they express the fullest satisfaction at the warmth and brilliance of the welcome according to the visitors. The Chronicle says:

"That the American sailors will take Australia by storm is certain. They have done it already; they conquered before they came. This cordial fraternization is very gratifying to that country where the maintenance of the most friendly relations with the American people and government is an object of universal desire and an axiom of our policy."

The Morning Post remarks that the visit will encourage Australian statesmen to promote the naval policy they have at heart, namely the creation of an Australian navy.

In conclusion, the Post says:

"The thronging thousands who watched the entry of the American armada cannot fail to be dreaming of the day when the finest harbor in the southern hemisphere will again be the base and its shores the home of a British fleet dominating the Pacific."

The Daily Graphic, under the caption "The Big Stick Afloat," says:

"It is not surprising that the American sailors find a warm welcome in a British port but the present welcome is vitalized by special circumstances, notably by the fine performance of Sperry's fleet in the around-the-world voyage and by certain community interests and aspirations in Pacific politics."

"The American fleet is a symbol, it embodies the determination of this white man to keep what he has got on the shores of the Pacific, it is Roosevelt's contribution to the cry for a white America and a white Australia."

FLEET AT SYDNEY.

City Brilliantly Illuminated in Honor of Visitors.

Sydney, N. S. W., Aug. 22.—Following the official landing of the American visitors Friday and their public reception by the state and commonwealth authorities, the city, the harbor, and the shipping were brilliantly illuminated.

The governor of New South Wales, Sir Harry Rawson, gave an official dinner at 7 o'clock in honor of the American officers and the commonwealth government entertained the officers, sailors and marines of the fleet at the theater parties and other places of amusement.

The illuminations were most striking. All the public buildings were outlined with numberless lights, there were countless devices and decorations conveying sentiments of welcome and fraternity displayed on every hand. The gorgeous spectacle was viewed by vast crowds that filled the streets of Sydney until a late hour.

Association Elects Officers.

Los Angeles, Cal., Aug. 22.—Officers of the National Association of Life Underwriters were elected on Thursday night. Charles Jerome Edwards, of New York, was re-elected president and William A. White, of Detroit, secretary. Louisville, Ky., was selected as the place for holding the next convention. Charles E. Bent, of Los Angeles, was the first prize cup and A. H. C. Newell, of Georgia, the second in the contest for the best insurance essay.

Appointed Judge.

Atlanta, Aug. 22.—Hon. E. P. Gilbert, of Columbia, has been appointed by Governor Smith judge of the Chattahoochee circuit, to succeed Judge J. H. Martin, whose resignation, for business reasons, has been accepted to take effect September 1.

HAINS' WIFE MAKES DENIAL.

Says She Was Not Guilty of Improper Conduct.

New York, Aug. 22.—Interest in the case of the Hains brothers, now awaiting indictment and trial in the Queens county jail for the murder of William E. Annis on the float of the Bayside, N. Y., Yacht club, last Saturday, centered Thursday in various contradictory statements issued by the lawyers for Captain Peter C. Hains and his brother, Thornton J. Hains, and by those having charge of the interests of Mrs. Hains, the captain's wife.

Frank G. Wild, Mrs. Hains' attorney, issued a formal denial of the allegations made against his client, insisting that signed confessions to the contrary notwithstanding, Mrs. Hains had never been guilty of improper conduct with Annis.

As to the published story to the effect that his client was trying to effect a reconciliation with her husband, and would testify in his behalf at the trial, Mr. Wild was equally positive. His client had never considered a reconciliation as possible, he said.

Weldon C. Percy, the first lawyer called in to defend Captain Hains and his brother, refused to comment on the various statements.

PARKER SPEAKS AT SEATTLE.

Judge Dealt Largely with Evils of the Great Corporations.

Seattle, Washington, Aug. 22.—Alton B. Parker spoke to an audience of about 1,800 people at the Coliseum Thursday night. The meeting was held under the joint auspices of the King county democratic club and the Bryan volunteers.

His speech dealt with the issues of the national campaign and he devoted his principal attention to the evils of the great corporations, which he declared are fostered by the present high tariff. The remedy, Judge Parker declared, is in lowering the tariff wall and this he doubted if the republican party would do if continued in power another four years. Judge Parker denounced the idea of federal control of corporations as a remedy. He recommended a statute imposing a jail sentence upon corporation officers convicted of contributing money to a campaign fund.

Delancy Nicoll, of New York, followed Judge Parker in a short address.

LAST PUBLIC HEARING.

Investigation into Convict Lease System of Georgia.

Atlanta, Aug. 22.—With the hearing Thursday the public investigation into the convict system of the state by the legislative committee ceased.

During the next few days the committee will discuss in executive session the evidence submitted and make up its report. This report will be delivered to the legislature when the body meets in extra session on Aug. 25.

The committee during the day received the report of Auditor Joel Hunter, who has had a force of men engaged in auditing the books of the commission, the state farm and the state reformatory. This report showed that a very lax system had prevailed at the state farm and in the office of the prison commission in Atlanta. No serious irregularity was found, and nothing was unearthed that the committee now believes would call for criminal proceedings. Still the state of the accounts was found to be far from satisfactory.

Capital Stock Increased.

Los Angeles, Cal., Aug. 22.—At their meeting at Olean, the Union Oil company directors took the final steps to increase the company's capitalization from \$10,000,000 to \$20,000,000. The regular special dividend was declared a dividend of \$100 per share payable out of the surplus earnings. The regular monthly dividend of 50 cents a share was also declared.

Had Shot Gun Duel.

Columbia, S. C., Aug. 22.—Will Culbreth, Jr., in dead and Jack Jave probably fatally wounded, the result of a shotgun duel near Saluda. The cause of the shooting was the misstatement of a mile. The parties are serious.

A TERRIBLE REVENGE

Taken by Revolutionists Upon Jewish Family.

SIX KILLED IN COLD BLOOD

Two Wounded Were Taken to a Hospital, but the Rebels Visited the Place, Overpowered Attendants and Finished Their Work.

St. Petersburg, Aug. 22.—News has reached this city of a terrible vengeance taken by the revolutionists of Yurievka in Yekaterinobrov province, upon a Jewish family named Edelstein who were accused of giving information to the authorities regarding the activity of the agitators.

They went to the Edelstein house at night and threw two bombs through the window and then opened fire on the members of the family with revolvers and shot to death the father, a daughter, a woman guest and her child. The mother, a son, a son-in-law and two grandsons were severely wounded.

After this murderous onslaught, the revolutionists temporarily retired and help for the wounded was summoned.

In the course of a couple of hours the victims who were still alive, had been conveyed to a hospital. The revolutionists later descended upon the hospital and overpowered the nurses and guards and shot the mother and son to death, after which they made their escape.

Another dispatch from the provinces received here says that the prisoners in the jail at Saratov, upon discovering that two of their comrades were traitors, fell upon them and beat them to death.

SPREAD OF BOLL WEEVIL.

Pest is Causing Great Alarm in the Mississippi Valley.

Birmingham, Ala., Aug. 22.—A special from Jackson, Miss., says:

The Mexican boll weevil is spreading rapidly in the southwestern section of the state, and before the end of the present month will cross the western borders between Jackson and the Louisiana line, according to reports of special agents of the United States department of agriculture, bureau of plant industry, who have been engaged in inspection work during the past week.

The rapid spread of the weevil is attributed to the wet weather during the latter part of July and the early part of August, the period of precipitation followed by high temperature having been very favorable to the propagation of the pest. That the weevil will reach the west bank of Pearl river before the close of the year, and also extend northward as far as the southern part of Hinds county, now seems well nigh assured, and the farmers in the infested territory have fully made up their minds that they must cope with the pest during the latter part of the present season and then for an indefinite period.

The weevil is inflicting great damage in the counties of Wilkinson, Adams, Amite, Jefferson and Franklin, and will be across the border into Pike, Claiborne, Copiah, Lincoln and Hinds before the close of the present month.

Former Famous Baseballer Dies.

New York, Aug. 21.—Dr. Albert J. Bushong, famous as a baseball catcher, when a member of the St. Louis Browns and the Brooklyn teams, died at his home in Brooklyn Thursday. Bushong was born in Philadelphia, fifty-two years ago, and in the eighties vied with "King" Kelly for first honors as a backstop. He retired from baseball in 1904, taking up the profession of dentistry and practicing in Brooklyn. He leaves a widow.

Arranging Wrestling Match.

New Orleans, La., Aug. 22.—Geo. S. Dole, one of the American athletes who figured prominently in the recent Olympic games at London, is in New Orleans preparing for a wrestling match with Henry Arango. The match will take place here Aug. 27. Arango claims the amateur wrestling championship of the south.

Take Clothing and Money From Guests
Friday Night.

SUSPECTED PARTY SHADOWED

Numerous Small Thefts Now Being
Committed in Different Sections of
City—A Good Many Chicken Coops
Now Being Robbed.

Sneak thieves have again made
appearance in the city, and this time
they got in their work at the Witherspoon
House, which is occupied by a
number of gentlemen roomers at
present.

The proprietress, Mrs. Witherspoon,
and her daughter, are now spending
the time pleasantly at the beach and
the house has been closed for the
past few weeks, except to gentlemen
roomers who desired to stay on with
the lady and be on hand at her opening
date next month.

It is supposed that the theft was
committed during the day while the
men were all absent from the house,
or it might have been committed early
during the evening.

Chas. Gladly was relieved of a fine
overcoat and some other clothing, and
in all his loss will reach some \$35,
and a Mr. Woodard is minus \$16 in
cash, which was taken from his
trunk.

The guilty parties have made good
their work, although two parties
are suspected of the crime and are
now being watched in the hope that
something will develop which will be
sufficient to have them arrested.

NEWS OF CITY AND COUNTY CONDENSED

Geo. Harrison, one of the enterprising
farmers of the Hague section, was
among the visitors to the city yesterday.
He states that the farmers are
busy picking their cotton and that
a great deal of it is being hauled to
the gins.

Mrs. Fred W. King and two interesting
young sons are at home from a
visit to Mrs. King's parents, Mr. and
Mrs. George K. Broome, at Gainesville.
Mrs. King, who has always
been one of Gainesville's most popular
social figures, was guest of honor
at a number of bridge parties and
other entertainments during her stay
at her former home.—Metropolis, 23rd.

Goes to New York.

Geo. P. Morris will leave today for
New York City, where he will be
absent for the next several days. He
goes as a delegate to the Annual
Convention of Insurance Agents, which
will convene in Newark, N. J., next
week, and will be the guest of the
Prudential Insurance Company. He
did over \$60,000 in life insurance for
this company this year and is among
the few that were accorded this special
invitation to be present at the
convention at their expense.

Chronic Diarrhoea Relieved.

Mr. Edward E. Henry, with the United
States Express Co., Chicago,
writes: "Our General Superintendent,
Mr. Quick, handed me a bottle of
Chamberlain's Colic, Cholera and
Diarrhoea Remedy some time ago to
check an attack of the old chronic
diarrhoea. I have used it since that
time and cured many on our trains
who have been sick. I am an old soldier
who served with Rutherford B.
Hayes and William McKinley four
years in the 23rd Ohio Regiment, and
have no ailment except chronic diarrhoea,
which this remedy stops at
once." For sale by all druggists.

leave tomorrow for New York, where
she will purchase her fall line of
millinery. She will be joined in Norfolk,
Va., by Mr. and Mrs. J. M. Hunt,
who will accompany her to the metropolis.
During Mrs. McCormick's
absence her business will be in
charge of Mrs. C. C. Davis, a competent
milliner of Hamilton, Ohio.

FOR SWEET CHARITY FUNDS ARE NEEDED

Rev. Rogers Makes Appeal to the Char-
itably-Inclined of Gainesville.

ASSOCIATION OUT OF FUNDS

Expenses Have Largely Been Kept
Up Out of Pocket of Individual
and Outside Assistance Should Be
Given, Even if Small.

Dear Citizens: I appeal to you for
help. I shall be out of the city some
days. I cannot call on you personally
and solicit this help. If I were
at home I have neither the time
nor the inclination to go over the
town begging for every object of
charity for which humanity must
care. You would soon come to de-
spise me if I should. I cannot afford
for my own sake, to do this nor can
I afford out of a small income to care
for the charity cases which I find
that must have help. Our charity
treasury has been so low of late
I have not drawn on it for more than
two, perhaps three months, but have
met the necessities as best I could
out of my own pocket. Today a sad
case with which the town is already
familiar comes to us again. Her ex-
penses must be met. I am personally
responsible for her case. I do
not ask that you contribute one penny
to me; but I do ask that you mail
a small check, at least, to Hon. C.
Matheson to be placed to the credit
of the city charity fund, that I may
draw upon this fund for this and
some other humane needs.

Let it be understood that I do not
handle, and never have handled, one
dollar of this fund, nor does Mr.
Matheson pay it out without a proper
voucher, which vouchers are
always drawn after a careful investi-
gation of the actual needs. Mr. J. H.
Jarvis will accept funds for this cause
and turn it over to Mr. Matheson.

Please lend us a helping hand now.
After a while will be too late to help
some who need now.

Thanking each of you in advance
for any sum you may contribute to
this noble cause, and trusting it may
be sufficiently generous that another
appeal will not be necessary for many
months, I am very sincerely yours,
in the interest of unfortunate human-
ity.

Men Past Sixty in Danger.

More than half of mankind over
sixty years of age suffer from kidney
and bladder disorders, usually enlarge-
ment of prostate glands. This is both
painful and dangerous, and Foley's
Kidney Cure should be taken at the
first sign of danger, as it corrects ir-
regularities and has cured many old
men of this disease. Mr. Rodney
Burnett, Rockport, Mo., writes: "I
suffered with enlarged prostate gland

S.S.S. FOR BAD BLOOD

When bad blood is caused from an infection of the circulation by virus of Contagious Blood Poison, it usually shows in the form of ulcers, mouth and throat, copper-colored spots on the body, swollen glands, the groin, falling hair, sores and ulcers, etc. These general symptoms affecting all parts of the body, show how deeply poisoned the blood becomes, and emphasizes the dangerous character of the trouble. If allowed to remain in the system the disease will finally wreck the health and bring down the strongest constitution. No medicine can cure Contagious Blood Poison which does not rid the circulation of every particle of the virus. S. S. S. is the one real and certain cure; it goes down to the very bottom of the trouble, and by removing every trace of the poison, and adding rich, healthful qualities to the blood, forever cures this powerful disorder. S. S. S. is the most reliable of all blood purifiers, and its concentrated ingredients healthful vegetable extracts and juices especially adapt it to curing the insidious trouble. Write for our home treatment book, which is a valuable aid in the treatment of the different stages of the disease, and ask for special medical advice you wish. No charge for either.

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth asking
for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a

book—is obtained readily through advertising, and with
difficulty, or not at all, through other means.

MORE MUZZLES FOR CANINE FAMILY

Sentiment Against Further Muzzling of Dogs.

PHOBIA SCARE IS OVER

Citizens Believe It Unnecessary Further Persist in Enforcement This Ordinance and Mayor Will Ask to Suspend Same.

The canine family, could they but express their joy over the day the departure of the muzzles which have been compelled to wear for past eight weeks.

There is now little danger of the muzzles and several prominent dog owners have expressed a desire to the ordinance suspended, and there is a strong probability of this being done within the next few days. A committee will call upon the mayor and ask that such steps be taken.

The mere fact that many dogs have been going without the muzzles for past few weeks has caused a great deal of comment, and upon investigation it was learned that as a general thing they were fine-bred animals and the owners were unable to get muzzles, owing to the supply being exhausted.

The reporter called upon Mayor Hester, but as the representative of the Board of Health is absent from the city, he said that he would see what the general public wanted before taking action in the matter.

Condition Much Improved.

A Very Quiet Marriage.

Mrs. Mabel Carter of East Palatka and Mr. Henry Davis of Gainesville, were married in the office of the county judge at the court house, Monday morning, Judge Coxe performing the ceremony in his usual impressive manner. After the quiet affair the couple left for points in the North on a short tour, after which they go to Gainesville to in future reside.—Palatka Times-Herald.

Friends of Mr. Davis here will be surprised to learn that he has joined the ranks of the benedicts, but extend congratulations. Probably this is a sequel of the assertion of our Palatka contemporary a few days ago that the excellent work of the Oak Hall baseball team, of which G. Henry Davis is the efficient manager, "pleased Mabel."

Diarrhoea Cured.

"My father has for years been troubled with diarrhoea, and tried every means possible to effect a cure, without avail," writes John H. Circle of Phillips, W. Va. "He saw Chamberlain's Colic, Cholera and Diarrhoea Remedy advertised in the Philippi Republican and decided to try it. The result is one bottle cured him and he has not suffered with the disease for eighteen months. Before taking this remedy he was a constant sufferer. He is now sound and well, and although sixty years old, can do as much work as a young man." Sold by all druggists.

PERSONAL AND SOCIAL ITEMS

What Has Happened and What Is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

Corey Hester of Evinston was a visitor to the city on Saturday.

J. W. May of Wacahoota was transacting business in the city yesterday.

J. S. Crown and son of Rocky Point were among the truckers visiting the city Saturday.

W. D. Cromartie of Altoona is in the city on a visit to his brother, D. S. Cromartie, on North Garden street.

Ed White, one of the industrious farmers of the Hague section, was renewing his Gainesville acquaintances Saturday.

J. F. Hinson, one of the representative citizen of the Micanopy section, was greeting his large number of friends in this city Saturday.

Mrs. Edwards of Micanopy, who has been in the city for the past week visiting the family of her son, D. G. Edwards, returned to her home yesterday.

Deputy Sheriff I. C. Walker has returned from a business trip to Dunnellon, where he went to carry five county prisoners to the camps of S. A. Rawls & Co.

B. W. Waits of Hawthorn was in the city yesterday. He was en route to Rocky Point, where he will visit his sister, Mrs. R. L. Barton, for a few days.

J. C. Stokes of Hague was among the visitors here on Saturday. He reports his section dry, and says they are not receiving any of the pleasant rains we are having here.

A. B. Chitty of Jacksonville was in the city yesterday. He is now engaged in the wholesale grocery business in the metropolis and was en route to Micanopy, where he will spend Sunday with his parents.

Marion Pate of Archer was among the visitors to Gainesville on Saturday. He states that the weather is exceedingly dry in his section and that a few good showers would prove very beneficial to the people.

J. R. Feaster, one of the efficient road overseers of the county, with headquarters at Waldo, was in the city yesterday. He expects to move camp next week, when he will be located in the LaCrosse neighborhood.

Mrs. E. A. Strunk and children, who have been absent for the past ten days visiting at Daytona Beach, have returned to their home in this city. They were accompanied by Miss Rosa Wimberly, who has been there for several weeks.

Wm. Duval, charged with assault with attempt to murder Chas. Simpson, was arraigned before Judge Mason yesterday, and after hearing the evidence in the case he was bound over in the sum of \$500 to await the action of the full term of the circuit court.

Your attention is called to the change in the advertisement of the First National Bank, which appears elsewhere in this issue of The Sun. They refer you to the old adage that: "Where there's a will there's a way."

Attention is directed to the change in the advertisement of the Keystone Bakery, which will be ready for operation again on August 28th. This bakery closed down on the 15th of the month for needed repairs, and

DELICIOUS BANANA CREAM

This receipt is highly recommended by one of our correspondents: try it for dessert or supper.
Peel five large bananas, run smooth with five tablespoons of sugar. Add one teaspoon sweet cream beaten to a stiff froth, then add one tin package of Lemon JELL-O dissolved in 1-2 teaspoon boiling water. Pour into mold and when cold garnish with crushed cherries. Serve with whipped cream, or any good pudding sauce. JELL-O is used by all Chefs at 10c. per container.

Is the amount of money we have loaned since we opened for business. We have not lost one cent on a bad loan, and have no paper on hand now that could be considered even doubtful. A bank is no safer than its loans, therefore we are very cautious about this feature of our business. If you apply to us for a loan and it is not granted, do not fall out with us; we are using our best judgment for the protection of our depositors, and we think our depositors come before our borrowers in a matter of this nature.

has undergone a change which will materially assist them in the fine service they formerly rendered.

P. G. Ramsey, the trucker of Wacahoota, was in the city yesterday. He says that his section is very much in need of rain, as they have had only light showers for the past four weeks.

A. D. Smith, who is from Georgia but is here on a visit to his brother-in-law, Thad Davis, was in the city yesterday. His two boys drove in from the Point with their team of grey goats and attracted a great deal of attention by the many people who saw them.

Sam Harvill and interesting little daughter, Gracie, of Alachua, were in the city yesterday. Mr. Harvill states that Alachua is a busy place now, since the commencement of the ginning season, and many wagons loaded with cotton can be seen upon the streets daily.

Mrs. Syd L. Carter returned to her home in this city yesterday, after a short stay at White Springs. Her return was rather unexpected, owing to the fact that Judge Carter, who was at the Springs with her, was compelled to go to Jacksonville, having been called there on important legal matters, and rather than spend the time alone she came home until they both can return.

High Springs is coming around all right. At last the town has an original souvenir postal, being a picture of the recent fire at that place.

With encouraging indications of a large manufacturing plant, wholesale groceries and other enterprises of magnitude for Gainesville in the near future, Jacksonville and Tampa, had better sit up and take notice. We offer this warning.

The bracing atmosphere Friday night and Saturday came as a suggestion that it is really unnecessary for our people to seek the seaside and mountain resorts merely for the purpose of keeping cool. Light covering was very acceptable Friday night.

Subscribers to The Sun are asked to remember the postal regulation that forbids publishers extending more than one year of credit to their subscribers. Examine the date opposite your name printed on the margin of the paper and if you find yourself indebted to us send in a remittance without waiting for a statement. The sending of statements costs about five cents each and is an expense that the publisher ought not to have to incur.

While many property owners have complied with the ordinance requiring the installation of sewerage, many of those most able to do so have made no pretense toward connecting their premises with the mains. If the ordinance can be enforced, it is high time it was done. A majority of our people are sick and tired of paying taxes for the installation of sewerage and at the same time compelled to endure the weekly visits of the "sanitary" wagon. Why make flesh of one property owner and fowl of another?

An exchange truthfully remarks that the long-antlered fraternity are not such bad fellows. They are the clan whose blood circulates. Their cardinal virtues are to aid the sick, bury the dead and inject sunshine into dark places. They are not saints—simply disburers of practical Christianity. There are no Elks in potter's field or county shrouds. They live by the way and lend unto the Lord, for they give unto the poor. Their mission is to do good. There are no hungry Elks. A square meal beats prayer for a hungry stomach, and a warm cup of coffee discounts advice on a cold morning.

The Starke Telegraph refers as follows to the candidacy of Hon. T. J. Appleyard for secretary of the Florida Senate: "Hon. Thos. J. Appleyard, editor of The Lake City Index, will be a candidate for secretary of the State Senate. It is doubtful if there is another man in the State so well qualified for the position and the Senators will make no mistake if they restore him to the position that he filled so efficiently for ten or twelve years." At the risk of again being termed a "Cuckoo" we will state that "Ap." has proven himself the most efficient secretary the Senate has had during the past sixteen years.

CONVENTION SENTIMENT.

Commenting on the agitation in the State with reference to the leasing of the State convicts The St. Augustine Record calls attention to the fact that little can be done until the Democratic party shall have spoken on the subject.

The Record's idea is that in the absence of party command harmony in action cannot be secured.

The plea is for a convention that will authoritatively declare the position of the Democratic party on any and every issue that may come before the people.

There has been a considerable feeling that at least occasionally the Democratic party should assemble by representatives and declare the party principles.

If this could be done the question of convict labor laws, or rather the final disposition of the convict system, could be handled judiciously and wisely, without creating friction in the party and without division.

Although the people have declared against the State's wholesale drainage scheme without avail, if a State convention had declared against it nothing more would have been heard of the drainage proceeding in spite of the people.

The question of a constitutional convention to provide a modern organic law for the State of Florida will never be approached with any degree of intelligence until the party declares for it as a party. Till that time the Legislature and the people will pile up amendments to the present constitution until the original document will hardly be recognizable.

State forestry, State fisheries, State roads, State drainage and irrigation can all be dealt with in convention, and the Legislature can be so advised that real and substantial results may be obtained, speedily.

There is in some quarters a well defined fear that a Democratic convention, once assembled, would do away with the primary.

While there is every reason to believe that the primary system should be substantially modified a convention would have no more power than that given to it by the people, and if they desire the system retained it will certainly be retained.

The sentiment for a convention is growing stronger, and we may confidently look forward to seeing a Democratic convention deliberating on party principles and issues within a few years.—Miami News-Record.

The latest literary venture of S. A. Packler, a well-known printer and newspaper man, has assumed the nature of a book, the title of which is "Ups and Downs of a Country Editor—Mostly Downs." Mr. Packler confines his book to a history of his life and experiences for thirty years, and his original and clever style has made the work interesting. Mr. Packler has put the book on the market, and anticipates a big sale. He at one time published The Micanopy Hustler, and in his story did not overlook that town, complimenting the town and its people very highly.

Titusville will retain the honor of being the county seat of Brevard county. A determined fight was made by Cocoa to wrest from Titusville the honors, but lost. The election was held on August 15th. The agitation to change the county seat came about through the burning of the jail and court house at Titusville last July. These buildings will now be rebuilt.

It is foolish for a merchant to reduce prices and keep the fact secret. Let the people know of it through The Sun.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENNY & CO., Sold by druggists, 75c. Toledo, O. Take Hall's Family Pills for constipation.

WHAT'S THE REASON.

Editor Caldwell of The Jasper News, who is a farmer as well as lawyer and preacher, has the following to say under the caption of "Somethin' About 'Taters'."

"The old man of The News thinks that he knows somethin' about 'taters and he will tell The News readers what he thinks about it.

"Here it is:
"During the dark nights in March take potatoes, as many as necessary, and cut into pieces as large as your two thumbs. Sun them all day, or longer if necessary, to make them shrivel. Lay off your rows with a planting plow 4 feet 3 inches. For an acre of ground put in this furrow 1 sack of kainit, 3 sacks of cottonseed meal and 3 sacks of White Cloud, or other good fertilizer. Throw four furrows on this, open with a small planting plow and drop two or three pieces of potato in the furrow, 18 or 20 inches apart. Keep the weeds and grass out till the vines cover the beds and the first day of July the potatoes will be as large as your fist.

"When the frost kills the vines the potatoes grow more rapidly than at any other period.

"Dig your potatoes during the dark nights in December.

"There is a reason for all this."

A Faithful Friend.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this, my faithful friend," says H. S. Nichols of Oakland, Ind. Ter. When a man has used a remedy for thirty-five years he knows its value and is competent to speak of it. For sale by all druggists.

National Editorial Association.
St. Paul, Minn., Aug. 21.—Thursday's session concluded the business of the National Editorial association convention which is in session here. After the selection of the next place of meeting and the election of officers, the delegates will spend the rest of the week in sight-seeing and visiting near by towns. The selection of the next place of meeting has developed into a spirited contest between Seattle and Toledo.

ANOTHER WONDER OF SCIENCE.

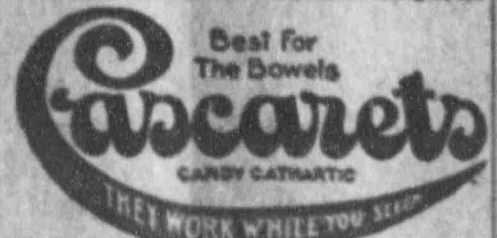

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

FLORIDA NEWS.

Recently, owing to the increase of business, the Seaboard Air Line has found it necessary to add another passenger train to the train leaving Tampa at 8 p. m. This is unusual in the middle of the summer.

The freight depot at Bartow was closed on Friday night of last week. Hams, bacon, flour, beans and other things were stolen. Arthur Thompson, a negro, was arrested, and the stolen goods found in his possession.

Seriously cut in several places by the body, George Boulos, employed at the Massa & Boulos fruit stand, 217 West Bay street, Jacksonville, was carried to his room August 21st late in the afternoon, after a fight with Henry Wilkinson, which occurred in the fruit store named.

Little is being done in the sponge business at the present time. Few crops of this product are being brought in and prices are low. \$1.25 a bunch is about the price paid for ashore sheeps' wool at the exchange this week, which is said to be one-half of the price paid at this time last year.

A gentleman thoroughly familiar with conditions and whose reputation as an estimator of standing timber is considered A1, reports that there are one hundred and fifty million feet of hardwood timber contiguous to and tributary to Apalachicola—a quantity sufficient to supply several hardwood mills for several years.—Apalachicola Times.

Mrs. W. D. Alvarez has sent The Telegraph a cluster of Providence plants that demonstrate the productiveness of her garden plot. There are three nice yams growing out of a single stem. Other sections grow oranges, grapes and the like in bunches, but it takes Bradford County soil to produce yams in quantity.—Bradford County Telegraph.

Planting for next spring's strawberry crop is now in progress and the average will be well up to the average of the past several years. Prices did range as high last spring as for other seasons, but the growers are not enough business men to know that they could not expect the top of the market in a time of financial depression.—Bradford County Telegraph.

Warden B. J. Pacetti, of Volusia county, has had large signs placed at different places on the Mosquito Inlet Reservation, warning all persons not to trespass without obtaining permission from the warden; and arms are not permitted on the reservation, and the birds must not

DAYS OF DIZZINESS

Come to Hundreds of Gainesville People.

There are days of dizziness; Spells of headache, sideache, backache; Sometimes rheumatic pains; Often urinary disorders.

All tell you plainly the kidneys are sick.

Doan's Kidney Pills cure all kidney ills.

Here is proof in Gainesville:

Mrs. E. H. Waters, living at 108 N. Oak avenue, Gainesville, Fla., says: "My kidneys had been in a weakened and disordered condition for some time and I could find nothing to relieve me. I suffered greatly from headaches, and was often so dizzy that I could not stand. Seeing Doan's Kidney Pills advertised, I procured a box at J. S. Bodiford & Co's. They acted quickly, and it was not long before I received relief. I have no hesitancy in giving Doan's Kidney Pills my endorsement."

be disturbed. The Mosquito Inlet Reservation has been set aside as a breeding ground for birds under the jurisdiction of the Federal Government. It extends from Pelican Island on the north to the Sister Islands on the Indian river, North, on the south and includes all marsh and overflowed lands from the Peninsula to the mainland.

T. L. Lockany, a fireman of the St. Petersburg fire department, had business in Tampa Saturday and got leave of absence until Sunday morning. While at Tampa he had a voucher cashed which represented his month's pay. Soon after he went to the St. Charles Hotel and was shown a room. This was about 6 p. m. He laid down and took a nap, and when he awoke and prepared to dress, as he had an engagement with some relatives, he found that he was six five-dollar bills short. He reported the loss to the police immediately but they refused to act, and the detective force could do nothing without witnesses to the theft.—St. Petersburg Independent.

SEA ISLAND COTTON.

Savannah Market Steady With Fair Demand During Past Week.

Savannah, Ga., Aug. 22.—The market for Sea Islands was steady with a fair demand during the past week, and the quotations remain unchanged. The business of the past week was mainly in choice, extra choice and fancy.

Crop accounts show little change. There were increasing complaints of damage from shedding consequent to the intense heat of the week. It seems that some sections stood the weather better than others, according as the previous physical condition of the plant has been better prepared to withstand the conditions.

BIG WAREHOUSE
NEAR SEABOARD

T. W. Shands Will Erect One There at Early Date.

FITZGERALD LOT IS LOCATION

Will Be Built So As It Can Easily Be Added to As Business Requires. Will Be Erected for General Purposes.

Another large and commodious building is to be erected in this city, which will be used as a warehouse for general purposes.

The new structure will be erected by T. W. Shands, president of The Gainesville National Bank, and will be built so that it can easily be added to if the main building is not composed of sufficient room to accommodate the purposes for which it is constructed.

When asked by the reporter to what purpose he proposed to use the building, the genial banker simply replied that it would be built for a general warehouse and that would be all it would be used for at the present time, which virtually means that it will be a place where the merchants may rent space to store bulky goods and save money in the matter of rental.

It will enable some of the merchants to order in larger quantities than they have heretofore owing to the increased room that will be at their command.

Something further may develop from this mammoth warehouse, but the above is all that could be ascertained in the matter at the present time.

Editor Gainesville Sun:

There are no secrets in this campaign. Strictly practicing what he preaches, Mr. Bryan would not win victory with tainted money paying the election expenses.

Not a dollar is to be accepted which requires any promise, either express or implied, other than for HONEST, IMPARTIAL GOVERNMENT.

Mr. Bryan will enter the White House absolutely free from entangling alliances, free to serve all classes of honest citizens alike, or he will not enter at all.

Hence the course is plain. The campaign of Bryan and Kern must be conducted by the people.

The people must pay the necessary campaign expenses if they want public servants who will serve their interests.

Special interests and favored classes, having secured "SWOLEN FORTUNES" by purchasing favors in the past with MILLIONS CONTRIBUTED TO CONTROL ELECTIONS, stand ready to give MILLIONS MORE FOR CONTINUED FAVORS. But that class never gives a dollar unless it buys a pledge.

Mr. Bryan says, from March 4th, 1909, "LET THE PEOPLE RULE."

This can come only if the people pay their own bills, and control their own elections.

"BEWARE OF THE TRUSTS 'BEARING GIFTS.'"

That policy of the favored few buying a mortgage on the Government meant that the candidate for President knew a few people only in an entire State.

Bryan says, "We will take the cause of PEOPLE'S RULE home to the people and will know the people in every county."

You can serve the grand cause of popular government.

Your paper reaches the fireside of the patriot who loves his country for his country's GOOD; as distinguished from the greedy possessor of swollen fortunes who loves his country only for his country's GOODS.

Ask every one who favors government by the people to pay you, at once, as many dollars as he can spare to aid the campaign for BRYAN, KERN AND PEOPLE'S RULE. You forward these gifts of honest hearts and homes every two weeks to the treasurer of the Democratic National Committee, with the name of each contributor and amounts given. The treasurer will forward you a certificate like the copy enclosed for each one, asking you to deliver these certificates.

Once more, you should be a part of the Grand Organization bearing the Lamp of Light to every nook and corner of Free America.

Our country is for the People; its government must be by the People.

Sincerely,

NORMAN E. MACK,
Chm. Democratic Nat'l. Com.
M. C. WETMORE,
Chm. Finance Committee.
C. N. HASKELL,
Treasurer.

In accordance with this letter and with its previous call for funds The Sun now asks that every reader of the paper who is interested in Democratic success, send his contribution to this office, where it will be acknowledged and the money forwarded to the National committee.

The One-Piece Gown Here to Stay—
Wide Shady Hats the Thing for
Midsummer—Even Dancing-Gowns
Long and Clinging—The Newest
Stocks Surmounted by Frills.

BY MONS GENE DE PONTAC.

There is no doubt that the one-piece gown has come to stay, and it certainly has many features to recommend it—its grace, its appropriateness for many occasions, its comfort and simplicity and the desirable way in which it can be combined with all sorts of wraps. The jumper frock in which the blouse was a mere skeleton sleeveless affair has been succeeded by the blouse with sleeves or at least half sleeves of the gown material. The guimpe is still separate and adjustable and sometimes the undersleeves match the guimpe, but the tendency is for the blouse with sleeves rather than the sleeveless overbody.

In Paris the towering crowns of the hats have suddenly collapsed, and the midsummer straws are quite flat and of an abnormal width, trimmed only with a light tulle scarf and rosette or one or two long ragged feathers. These large flat hats in all black are a fad of the moment, worn with white or pale-colored costumes. For country wear these low-

crowned, wide-brimmed shapes are delightfully airy and fresh, in white or burnt straw, trimmed in the simplest manner with wreaths of large roses, draperies of pink or white mousseline de soie, or tulle in graduated shades forming a sort of pale rainbow. The summer "cloches" are trimmed with pleated linen or wide frills of Valenciennes lace, with bunches of flowers tucked in among the ruffles.

For summer evening gowns, lace, silk fillet and beaded and embroidered net are the most charming. Crystal and glass beadwork have now quite taken the place of the paillettes so long used, and by artificial light are exceedingly effective, especially in the golden pinks or silvery greys, greens and blues, and when used in combination with princess or point applique lace. Pearl has returned to favor, pearl bead embroidery lighted up with tiny Rhinestones making a delightful ornamentation either for black or white. Even in the sheer materials the sheath skirt shows its influence, and the floating cloudlike effects formerly characteristic of the dancing-frock are seen no more. Evening gowns are now cut very long, trailing not only in the back out on the sides, and as the under yupon is usually cut short and as the outer skirt is very sheer and very scant, this train clings and twists snakily around the feet. Needless to say, it requires long hours of practice to enable one to manage this skirt with anything approaching grace.

The Liberty sash is still seen on many evening gowns, and the newest ones are caught above the waist-line in the back with a large Rhinestone buckle. The Pierrot ruche made of net and trimmed with a garland of small roses forms a charming accessory for evening wear, and a touch that gives chic to a décolleté costume is a dog-collar of velvet embroidered to match the trimming of the gown.

The newest stocks are of net or satine, immensely high, with a frill of the same around the top, boned high on the sides, but not cut in the pronounced points seen in the early spring. The collar itself is tucked and the frill is fully pleated, standing directly out from the neck. A rather original form of neckwear has

Just appeared from Paris in the double pleated tulle collar, box-pleated about the neck and reaching up quite to the ears, and with another row or rounce turning down and extending almost to the top of the sleeve, like a little cape. The throat is encircled by a band of gold-ribbon, fastening in front in a small bow. Flat pleatings of embroidered net, batiste, nainsook or organdie are much in vogue for summer wear—anywhere from two to six inches wide. They are put on perfectly round and fasten in the back, or open in the front over a small bow tie.

Ten Years in Bed.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakville, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." J. W. McCollum & Co.

Cruise to South Seas.

San Francisco, Cal., Aug. 21.—Bound for a two months' cruise in the South seas, seven cruisers of the Pacific fleet will pass out through the Golden Gate Monday, six big vessels towing a torpedo boat or destroyer each. Naval officials are deeply interested in this attempt to give the "mosquito" craft a vastly wider range of action than has heretofore been possible and will await reports on the result of towing the little sea fighters very closely.

CELERY SEED-BEDS

BY R. Y. WINTERS

Florida Agricultural Experiment Station

Time to Sow Celery—Celery beds should be prepared during August and September to produce crops that are to be marketed from January to April. Seed should be sown at intervals of about two weeks during these two months. By this means the crop is divided into portions which mature at different times, making it more easily handled under the present labor conditions. This method lessens the chance of failure from diseases or adverse weather; it does away with the rush to ship the whole crop at once, which is quite a problem when labor is scarce; and it also diminishes the danger of flooding the market.

Selecting the Land—It is usually best to use newly cleared land for seed-beds, because old lands are apt to be infested with rootknot and other diseases as well as with grass and weed seeds. The seed-beds should be as near as possible to the field where the celery is to be set. The dark, almost black, fine mellow loam, or "hammock land" is excellent for celery beds. Its physical condition is better suited to plant-beds than that of the more sandy soils.

Preparation of Beds—The plot to be made into seed-beds is first cleared of trees, shrubs, and rough trash. In breaking up the soil care should be taken to prevent the turning up of the sandy subsoil, since this sand would not make a good surface for the seed-beds. The disc turn-plow and the disc cutaway harrow are good implements for the work, as they tend to pulverize and mix the soil. Thorough drainage and irrigating facilities are absolutely necessary at this season of the year. Should the beds be in the region where the underground system of irrigation is used, the tiles may be extended under them, and should be given sufficient slope to be able to drain the beds in the event of heavy rainfall. In localities where the overhead system is used, provision for watering may be made by extending the pipes, or by the use of hose. Proper drainage may be secured in this case by constructing trenches at suitable distances. For fertilizing these beds, 1,000 pounds of unleached hard-wood ashes and 500 pounds of nitrate of soda to the acre

have been used with success. The hardwood ashes supply the needed potash and also counteract any acidity of the soil that might occur. However, if wood ashes are not easily secured, a combination of 500 to 800 pounds of lime, 150 pounds of high-grade sulphate of potash, and 500 pounds of nitrate of soda to the acre may be used. The lime would correct any acidity of the soil. The plot is laid out into beds from four to six feet wide, with narrow paths between. The paths are made a few inches lower than the beds, and are connected with a main ditch so as to act as drains in case of heavy rains. After applying the fertilizer, the beds should be allowed to stand for several days before sowing the seed. They are then raked level, and finished off by running a roller or drag over the surface. Small shallow drills are made for the seed by simply drawing the end of the rake handle or other stick across the beds at distances of six inches.

Sowing—The bed is now ready for the seed, which is to be sown by hand. A number ten thimble full of seed to eight feet of drill is a fair rate of sowing. The seeds are not covered with soil, but simply sprinkled down with water in the drills where they lie. The bed is then covered with pieces of wet burlap, which are kept moist until the seeds have germinated, when the burlap is taken away and the seedlings protected by some kind of shade.

Shade—As the sun's rays are intense at this time of the year, it becomes necessary to use some form of shade. This may be constructed of narrow slats fastened together to produce half shade. An efficient shade may also be made of cheese-cloth. This form of shade is made by first stretching a wire along the center of the bed, and about eighteen inches above the surface. The cheese-cloth is then drawn across the wire like a tent, and attached to pegs on each side along the edges of the bed. The pegs along the edges should be placed close enough to keep the cloth pulled evenly down to a height of from three to six inches above the bed.

"OPEN DOOR" ONLY FOR JAPS.

Tourist, Arriving at Victoria, Speaks of Conditions in Orient.

Victoria, B. C., Aug. 22.—Augustus Hanniker, a tourist who came as a passenger on the Hazel Dollar from the Orient after traveling in Manchuria, Siberia, Korea, Japan and China, in an interview said the recent victory of Japan over Russia had caused unrest among the Brown and Yellow people of the Far East, other than Malays or Koreans.

In Sumatra, Tonkin and Annam there were rebellions against Dutch and French; in China, fear of risings and in part the unrest in India was a consequence of the successes of the Japanese over a white race.

Mr. Hanniker visited the former battlefields in Korea and Manchuria and in the latter province found Japanese in possession, blocking trade in every way.

"The 'open door' was only for the Japanese."

Disagreeable at Home.

Lots of men and women who are agreeable with others get "cranky" at home. It's not disposition, it's the liver. NOMINATION FORCED UPON HIM

the State Democratic Convention.
says He Desired That Party Select
another, But Will Yield to Their
Wishes.

St. Paul, Minn., Aug. 22.—Governor
John Johnson has announced that
he will accept the nomination tendered
him by the state democratic con-
vention at Minneapolis. He did not
make a formal statement, but said:
"After due consideration of the mat-
ter, and before I have been formally
nominated, I will tell you that I have
decided."

JOHN A. JOHNSON.
I have made up my mind to lay aside all per-
sonal considerations and listen to the
will of the party. I will accept the
nomination when it is formally tendered.
This acceptance is contrary to my
judgment, yet I hardly see how
I can get away from making the
statement without putting the party in a
bad position. I regret this action, and wish
it had never happened."

DROP IN COTTON PRICES.

New York Cotton Exchange Has Exciting Session.

New York, Aug. 22.—Excitement
reigned in the cotton market Thurs-
day throughout the session, an almost
uninterrupted and rapid decline in
prices being the cause.

Decline was most pronounced in
October option, that having been
the principal vehicle for the recent
speculation for the advance, but
positions of other months suffered
badly also, even the spot article,
which had not been affected previously
by the downward tendency of this
week, yielding very sharply at last.

The market opened with a continu-
ation of the selling movement of the
previous day and it soon became the
prevailing opinion of the floor that the
Wall Street speculators who had calculated
a rise for a long time were liquidat-
ing. This encouraged selling and
between the two, reinforced by the
selling out of a multitude of small
traders, prices melted away in double-
digit fashion.

Trading at 8.91, October soon was
down to 8.81, a decline of \$2 a
bale from the recent high price.

EXTRA SESSION OF
GEORGIA LEGISLATURE

Body Will Reassemble in Atlanta on
Tuesday, the 25th.

THE CONVICT LEASE SYSTEM

Will Be Principle Subject for Con-
sideration, But Call So Worded
That Other Matters Can Be
Handled.

Atlanta, Aug. 22.—Governor Smith
has issued his formal call convening
the general assembly in extra session
on August 25 for the purpose of solv-
ing the convict problem.

No other subject except convicts is
named in the call, but the document
is so worded as to enable the legisla-
ture to go into that question in all
its details, including the raising of
revenue for the care and maintenance
of the convicts, and any constitu-
tional amendment that the legislature
may see fit to enact in that connection.

Under the provision referring to the
raising of revenue to enable the state
to take care of the convicts, it is se-
riously suggested that a proposition
will be offered looking to putting a
tax upon the manufacture and sale of
near beer, the proceeds to go into the
penitentiary fund. It is said the
prohibitionists hope to get at least this
much out of the extra session.

traveled 150 miles with his prisoner.

A mob of several hundred men met
the sheriff at Flomaton while he was
on the route to Mobile, Ala., and de-
manded that the negro should be tak-
en back to the scene of the crime.

Sheriff Irwin then started north with
the boy and eluded several angry

DO YOU WANT TO
MAKE OR LOSE MONEY
THIS SUMMER?

THERE is no good reason for any "summer
dullness" in the stores of this city. That's a
strong statement—but its not nearly so strong as
the one to follow.

No store in this city ever suffered from summer
dullness that was not directly traceable to its
advertising policy—that was not INEVITABLE
on account of its advertising policy. This is a
strong statement—but not so strong as the one
to follow.

You—if you who read this are a merchant
in this city—HAVE THE ABSOLUTE POWER
TO DECIDE WHETHER, during THIS sum-
mer, YOUR STORE SHALL LAG AND LOSE
GROUND, through ENCOURAGING THE
NON-BUYING HABIT IN THE PEOPLE—or
shall keep as busy as in the so-called "busy
seasons." You decide the matter one way or the
other when you decide on how much or how
little you will advertise during these summer
months.

To really "gain ground" at a time when some
stores are lagging and falling back is not only
possible—it is an aspiration—worthy of a man
who has the habit of accomplishing his purpose.

It is so easy. Simply stir contents of one 13c. package into a quart of milk and freeze, without cooking, heating or the addition of anything else. This makes two quarts of ice cream, clean, pure and wholesome. A good ice cream freezer can be bought for a dollar or two which will last for years, and will soon save its cost.

2 packages JELL-O ICE CREAM Powder for 25c.

Flavors: Chocolate, Vanilla, Strawberry, Lemon and Unflavored.

Sold by all good grocers.

A WARNING

I have learned that certain persons are representing themselves as my agents, and taking orders for large pictures, claiming I will finish them. In some cases the pictures given them have been lost—pictures of dear ones which cannot be replaced. I have no agents, never did, and never will. I deal directly with my patrons for all work. I cannot afford to pay an agent out of the prices I charge for the high-grade work I do. Bring your enlarging to me and you are not only insured against loss of the original, but will have a guarantee of a faithful likeness and an artistic finish.
